OZ Trial Souvenir Programme

NOW IT CAN BE TOLD! In pictures, press cuttings and court transcripts. The bizarre saga of the dirtiest, longest running obscenity trial in British history. AT LAST – the personalities, the legal wrangles, the extravagant round of carnivals, picket lines and processions, the trial which put all British schoolchildren in the dock.

GASP at the religious zeal of Detective Inspector Fred Luff as he hounds OZ in a series of lightning raids designed to strike at the heart of London's porn industry.

THRILL to the savage wit and shocking denunciations of the Crown's most urbane prosecutor.

WEEP with despair as Richard Neville drones on about the 'counter culture'.

HOLD YOUR NOSE as Marty Feldman lifts the lid off British justice.

CHEER as hanging Judge Argyle goes up in smoke on the steps of the Old Bailey.

SHAKE and shudder with withdrawal symptoms when you come to the end of this picture-packed rag-bag of hard court porn.

You read about it in the papers. Now put it on your coffee table. The OZ Trial. One of the highlights from the years of Golden Protest.
